

# RIPSTIX®

## CHARGE™ NOOTROPIC

Ripstix® Charge™ Nootropic provides a mental edge to take charge of the most frenzied days. The supplement contains an expert combination of Moringa, xanthenes, and cognition-charging ingredients. Ripstix Charge helps balance the mind to sharpen concentration and memory, supply mental clarity, and provide enhanced focus.

This powerful nootropic contains a stack of ingredients that combine to feed the mind and help it function optimally. Guayusa, a rare, natural herbal infusion, helps mental strength and focus in a gentle and sustained way. L-Theanine improves focus, elevates mood, and supports overall mental clarity. Pyrroloquinoline Quinone (PQQ) acts as a powerful antioxidant and plays a significant role in normal brain function and memory. Vitamins B2 and B6 support normal nerve and cognitive function to help the brain receive a continual supply of energy. Mangosteen purée is rich in xanthenes that provide antioxidants to support a normal inflammatory response. Nutritionally-dense Moringa fruit powder and seed cake provide a host of vitamins (like A, C, and E) to support normal cognitive function. Together, Ripstix Charge Nootropic's ingredients support mental power and clarity, empowering you to take charge of your day.

### KEY BENEFITS

- Helps balance the mind
- Provides enhanced focus
- Supports normal nerve and cognitive function
- Sharpens concentration and memory recall
- Optimizes mental clarity and creativity

### KEY INGREDIENTS

- Guayusa: A rare, naturally caffeinated herbal infusion that supports mental health and focus.
- L-Theanine: Aids brain activity to boost your ability to think, supports focus, promotes relaxation, and elevates your mood.
- PQQ: Promotes cognitive health and plays a big role in normal brain function and memory.
- Vitamin B2 and B6: Support healthy nerve and brain function and help the brain to receive a continual supply of energy.
- Mangosteen Purée: A superfood rich in heavy levels of xanthenes that support healthy brain function due to their antioxidant activity and ability to support normal inflammatory responses.
- Vitamin K2: Supports cognitive function, reduces inflammation, and sharpens memory.
- Alpha-Glycerophosphocholine (GPC): Supports brain responsiveness and memory, enhances our mood, increases energy, and supports mental clarity.
- Moringa Fruit Powder and Seed Cake: Nutritionally dense with a host of vitamins like A, C, and E that support normal cognitive function and a clear focus.

### DID YOU KNOW?

- A nootropic is also known as a stack of special ingredients that supports numerous and linked cognitive functions over a period of time, rather than a quick burst. A stack of ingredients supports numerous functions all at once, rather than one function at a time.
